**Subject:** CES Community Involvement and Potential Meeting

Hey Gary –

We tried to call Bill Little but it sounds like he is out of the office until Thursday. We will try again next week to get in touch with him.

As I mentioned, we are tentatively planning trip for Nov 12-14, so if you wanted to coordinate a community meeting during that time, we could definitely attend and help spread the word/remind people the day before and day of meeting in addition to the work we already discussed. I haven't checked everyone's schedule yet, but the following week (Nov. 17-21) might also work if that Tue or Thu is better for a meeting. Or just let us know if no meeting at this time as well and we will just do the door-to-door.

Could you please provide the names and contact information for the community activists/representatives you have been working with and note if there is a primary contact?

Thanks!

Carrie
